

****Press Release – Immediate Release****

Jetlev-Flyer flying experience available – just £125.00 for a 30 minute flight

Superyacht Tenders and Toys, the leading independent consultancy specialising in all yacht tender and toy needs, is pleased to announce that they are uniquely now offering trial flights of the Jetlev-Flyer – the worlds most exciting jetpack flying machine.

Working with Jetlev-Flyer UK they are offering 30-minute flights for just £125.00 and one-hour flights for £250.00. All flights are available at various venues throughout the UK. This is the ultimate Christmas present for the adventurous, with no comparable flying experience. Stop dreaming, start flying! Riders can fly up to 8.5m above the water and travel at 40kp/h across the water. The carbon jetpack is comfortable and intuitive meaning riders can learn very quickly. Flying can be done within 15 minutes of the lesson starting, with the jetpack able to be controlled by the instructor and power increased as the rider learns.

Deals are also available for daily hire and corporate event days with all tuition, catering and equipment provided. Superyacht Tenders and Toys also offers yacht charter packages with 5 days rental and tuition starting at £20,000.

Company founder Josh Richardson comments *'the Jetlev-Flyer is the worlds most exciting yacht toy and we are pleased to offer this unique experience to all, at a very realistic and affordable price.'*

Superyacht Tenders and Toys is the leading independent consultancy and management company specialising in all superyacht tender and toy needs and provides practical solutions for the World's finest yachts. The company was founded by Captain, Instructor and Yacht Manager Josh Richardson due to a need in the marketplace for a professional and experienced tender and toy specialist to handle all aspects of purchase, support and ownership for clients. With a focus on choice not compromise coupled with excellent after-sales support, the company is simply aimed at improving owners' and guests' enjoyment.
