WATERY WORKOUT

New from Italian company Green Yachts is this inflatable climbing wall that can be attached to the side of your vessel. Suitable for climbers of all abilities, the wall has three 'route types,' each characterised by a different colour. Available in a standard size of 5m x 3m, the wall can be customised to suit the shape of any yacht. Starting price: about €13,000 (about S\$21,000).

SLIPPERY SLOPE

Inflatable slides that attach to the sides of superyachts have been around for a while now, but UK-based firm Superyacht Tenders & Toys has just brought out an S-shaped giant that aims to top the lot. Weighing in at a hefty 1,850kg, it's believed to be the first s-shaped slide ever made, and at 12.5 metres, it's the longest, too. Each slide comes with all supporting pumps, valves, storage bags, airstairs for launching, D rings for securing and handles for comfort. Price: from about £23,000 (S\$44,000).

SAFE BET

This nifty lightweight travel safe can store up to six watches as well as other valuables. Weighing in at just 4kg, the 35cm 'Guardian' from German safe makers Döttling locks via a three-digit key code and comes equipped with a GPS tracking device. Price: calfskin €12,000 (about S\$19,000); crocodile skin €14,500 (about S\$23,500).

SUNNY SIDE UP

The Lasy Solar sunlounger from LMV Design Technologies comes with an automatic tracking device that ensures it revolves to follow the sun's rays, along with built-in cooling fans and a programmable fresh water mist spray system to prevent you from overheating. Each 3.2m-diameter mattress is made from marine-grade waterproof leather. Price: from €98,000 (about S\$158,000)

DEEPER DOWN

Billed by its Dutch makers as "the world's first subsea limousine," the C-Explorer 5 is an air-conditioned submersible that can accommodate four passengers as well as a pilot. Step inside and you can descend to a maximum depth of 300m, and reach a top speed of 3 knots. High capacity lithium-ion batteries enable the submersible to operate for eight hours at a time. Additional features include an HD video camera, imaging sonar and a tethered remote-operated vehicle for venturing into smaller areas. Price: €1.9 million (about S\$3 million)
