

Your one stop shop

Josh Richardson offers a single point of contact for all your tender and toy needs

Superyacht Tenders and Toys are currently expanding their product lines and services to the Superyacht Industry. "Having outfitted the most significant new builds this past year, we are ideally placed for any new projects and can offer the best value and support in the industry." Says Josh Richardson, Director of Superyacht Tenders and Toys. "It's not just all about the toys. More and more clients are requesting additional products relating to emerging trends in the industry."

Superyacht Tenders and Toys have had another great year. Global demand for its products and invaluable support services has continued to grow as the company evolves with the changing interests of the superyacht world. The one-stop-shop approach clearly works, as clients receive the best value plus invaluable support.

Another aspect of the company, which is continuing to grow, is their supply and project management of New Build Tenders. Whether you are after a Custom, Chase, Classic, Limousine, Rib or Solas Rescue Boats, Superyacht Tenders and Toys will have a Tender Care Package suited to you. In terms of price, they offer the best value

on all purchases made through them. They can advise throughout the selection process and assist with specifications of all new build tenders, making sure you are getting the right boat for the right price. Most importantly there is no additional charge for this service or for any ongoing support of the tender throughout its lifetime.

They provide fully managed build packages with complete build support, including photo updates, regular reports and on site project management. This ensures projects run smoothly and are completed on time and on budget. Superyacht Tenders and Toys have extensive experience dealing with the most well known builders in the industry plus also design and build their own range of boats. They can assist with all aspects of the build including all the documentation, including formal contracts with builders looking after the clients' best interest. They can offer VAT, duty and customs advice to ensure the most economical delivery on board also providing customs warehousing, T1 transit documents and have customs on site to clear tenders on board.

They have significant experience in shipping tenders across the globe and handling all

the logistics to ensure the relocation of your tender is as hassle free as possible, they also have experience in making cradles and handling insurance and all other related issues. The company now has a dedicated shipping department.

Complete care of all warranty claims in line with the manufacturers warranty on every tender supplied is provided, they also provide a comprehensive after sales and spares service, in order to offer ongoing support globally, through their approved service network. The company have a proven track record of selling highly specialised yacht tenders with a testimony which is second to none.
